

Speaker Bios for the April 16, 2019 WCHQ Assembly

Linda Brady
Provider Network Strategy and ACO Portfolio Manager
Boeing Company

Linda Brady is a member of the Health Care Strategy and Policy team at The Boeing Company, managing provider network and health care analytics strategy. In her role, Brady manages the overall portfolio of Boeing's Preferred Partnership (ACO) programs, from the initial contracting phase through implementation and sustainment. She has over 20 years of experience in the health care industry and is a Six Sigma Green Belt. Prior to Boeing, Brady was a consultant at two of the leading health benefits consulting firms where she advised large complex organizations on their health care benefits strategy, including direct contracting arrangements, third party administrator integration, ACO implementations and measurement.

Gabrielle Rude, PhD, CPHQ
Director of Practice Transformation
Wisconsin Collaborative for Healthcare Quality

Dr. Gabrielle Rude is the Director of Practice Transformation for the Wisconsin Collaborative for Healthcare Quality (WCHQ). Dr. Rude has a PhD in Population Health Sciences from the University of Wisconsin and is a Certified Professional in Healthcare Quality. Dr. Rude serves on the Boards of the Wisconsin Community Health Fund and Green County Leaders of the University of Wisconsin-Extension, and the Advisory Council of University of Wisconsin Institute for Translational Research.

Robert Van Meeteren
President/CEO
Reedsburg Area Medical Center

Bob Van Meeteren has served as President of Reedsburg Area Medical Center since January 2008. Van Meeteren received his Bachelor of Science degree in Health Administration and his Master of Business Administration in Health Administration from the University of South Dakota. He serves on the Board of Directors for the Rural Wisconsin Health Coop, The Wisconsin Health & Education Facilities Authority; he is a past chair of the Wisconsin Hospital Association.

Shelly L. Beschta, RN
Clinical Nurse Manager
Reedsburg Area Medical Center

Shelly Beschta has been a nurse for more than 18 years. She has experience on the medical/surgical unit, employee health and infection prevention. Shelly has 15 years of experience in a primary care setting, 11 of those as the nurse

manager. She has been with RAMC for the past three years. Beschta received her ADN from MATC and is currently working on her BSN at Viterbo.

Shelly's passion is caring for the whole patient/family, teaching in a clinical setting and mentoring those around her.

Kim Garman
Clinic Quality Specialist
Reedsburg Area Medical Center

Kim Garman serves as the Clinic Quality Specialist at Reedsburg Area Medical Center-Physicians Group. She holds the credentials of RHIT, CPHQ and is currently working towards her CCS credential.

Garman brings more than 35 years of experience to her role as Quality Specialist. This experience includes HIM, business office and clinic management experience, experience with EHR application implementation and support, and expertise as an EHR application quality analyst. She currently oversees the data analysis and capture for all quality projects in the primary care clinic including MIPS, HEDIS, and commercial insurer's value contracts.

Jim Dietsche, CPA
Chief Operating Officer and Chief Financial Officer
Bellin Health, Green Bay

Jim Dietsche has served on Bellin's executive team since 2005. Previously, Dietsche was a Health Care Partner at Wipfli, LLP in Green Bay, Wisconsin and has worked within the health care industry for nearly 30 years.

Dietsche is a member of the WHA Information Center Advisory Council and chairs the Wisconsin Health & Educational Facilities Authority. He is a member of the Business & Finance Committee of AboutHealth and has served as a board member for Bellin-Thedacare Healthcare Partners, Unity Hospice, and Bellin Orthopedic Surgery Center, LLC. Dietsche is a member of Healthcare Financial Management Association and the Wisconsin Institute of Certified Public Accountants. He earned his Bachelor of Business Administration degree from St. Norbert College in De Pere, Wisconsin.

Matt Gigot
Director, Performance Measurement and Analytics
Wisconsin Collaborative for Healthcare Quality

Matt has been with WCHQ since 2010 and he is responsible for and oversees many of WCHQ's analytic and reporting projects. Prior to joining WCHQ, Gigot received his Master of Public Health degree from the University of Wisconsin-Madison. While in graduate school, he worked with Wisconsin's Department of Health Services Diabetes Prevention and Control Program on the Wisconsin HMO Collaborative Diabetes Quality Improvement Project. This initial foray into working with quality data provided him with excellent experience and preparation for his position at WCHQ. In addition to his work at WCHQ, Gigot is currently pursuing his PhD in Population Health from the University of Wisconsin-Madison.
